

Lingwood

FABRICATIONS

Lingwood has worked, for more than a decade, with local fabrication expert Mick Daley of Mistan Fabrications and recently decided to bring the Mistan operation into its workshops.

“It has made absolute sense to bring the operation into Lingwood to maximise synergies between the two companies” said Lingwood Managing Director Ian Hope.

Mistan Fabrications are experts in all aspects of welding and fabrication and are proud to have been part of many specialist and unusual projects. A large number of companies in a wide variety of industries including Joinery and carpentry, food processing, bespoke furniture manufacturers, catering equipment manufacturers and many more, have made use of their expertise in manufacturing items in stainless steel, sheet metal and aluminium.

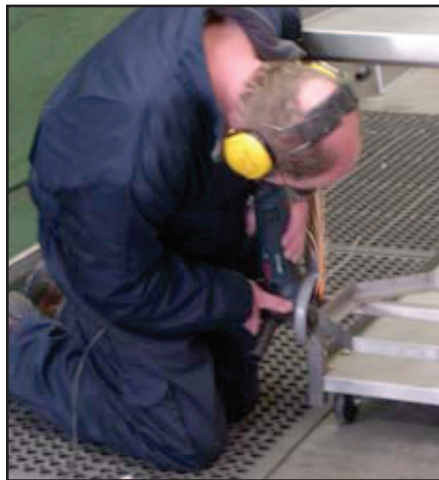

Over the years these Products and Services have included:-

Canopies, Ductwork, On Site Facilities, Acoustic Booths, Kitchen Equipment, Stainless Steel One Off's, Batch Work Prototypes, Aluminium Work, Welding - Mig & Tig, Conveyoring, Equipment Modifications, Pipe work etc etc.

At Lingwood, we focus on understanding exactly what our customers requirements are. Our fabricator will meet with you, understand your needs and then quote exactly for the work that is required, nothing more and nothing less.

Most of our customers have been working with us for many years. They trust us to get the job right, first time. They also know that the quality of workmanship and service will always be of the highest standard.

If you have a specific project that you think we can help with then please do not hesitate to contact us. Your enquiry will always be dealt with quickly and efficiently by our team of experienced professionals

For some examples of the wide range of projects that we have been involved in please take a look at the photographs on the reverse of this leaflet.

Please remember that this is only a very small example of the things that we can do
