Where the processing, packaging & logistics sectors meet

We look forward to the spring when Foodex finally returns and the industry reunites. It will be a time of great celebration, new ways of thinking, innovative products and networking galore.

Make sure you come along to the UK's premier trade event for food and drink manufacturing, processing, packaging and logistics at the NEC, Birmingham from 24-26 April 2023 where you can:

- Connect with suppliers, meet peers and make valuable contacts as the whole industry comes together under one roof.
- Get industry-savvy. Engage with the issues shaping our industry, have your say on hot-topic debates and hear from thought-leaders from all parts of the manufacturing spectrum.
- Source something new. Our carefully-selected suppliers have the processes and products to boost productivity and efficiency across the board.

This April the industry will reunite at the UK Food & Drink Shows, encompassing Foodex, National Convenience Show, Food & Drink Expo and the Farm Shop & Deli Show.
